

MAGNETIC DRILLING MACHINE

35MM

art.code:

MB35

- ✓ Powerful motor
- ✓ Integrated cooling system
- ✓ Compact and lightweight

Crafted for power and efficiency, the Fluxon Magnetic Drilling Machine stands out for your heavy-duty drilling needs. The Magnetic Drilling Machine is designed with a powerful motor, integrated cooling system and a compact, lightweight structure. Perfect for a variety of heavy-duty applications that require precision and power.

Specifications

Voltage	230 V
Frequency	50/60 Hz
Stroke	90 mm
Speed loaded	400 rpm
Speed unloaded	750 rpm
Annular cutters	Ø 12 - 35 mm
Twist drills	Ø 1 - 13 mm
Countersinking	Ø 10 - 35 mm
Magnet (L x W x H)	160 x 80 x 37 mm
Magnetic force	1000 kg
Motor power	850 W
Total power	900 W
Spindle (Weldon)	19.05 mm
