

MAGNETIC DRILLING MACHINE

100MM

art.code:

MB100

- ✓ Magnetic force 2500kg
- ✓ Four speed gearbox
- ✓ Suitable for threading
- ✓ Stepless adjustable speed
- ✓ Powerful motor

Crafted for power and efficiency, the Fluxon Magnetic Drilling Machine stands out for your heavy-duty drilling needs. The Magnetic Drilling Machine is designed with a powerful motor, integrated cooling system and a compact, lightweight structure. Perfect for a variety of heavy-duty applications that require precision and power.

Specifications

Voltage	230 V
Frequency	50/60 Hz
Stroke	260 mm
Speed loaded	1st - 85 rpm/ 2nd - 152 rpm/ 3rd - 270 rpm/ 4th - 480 rpm
Speed unloaded	1st - 40 - 110 rpm/ 2nd - 65 - 180 rpm/ 3rd - 140 - 380 rpm/ 4th - 220 - 610 rpm
Annular cutters	Ø 12 - 100 mm
Twist drills	Ø 1 - 31.75 mm
Countersinking	Ø 10 - 105 mm
Magnet (L x W x H)	220 x 110 x 64 mm
Magnetic force	2500 kg
Motor power	1800 W
Total power	1950 W
Spindle (Weldon)	MT3 19.05 mm
Spindle thread size	M3 - M30
